

## Cooler NICO 1'00

### **FUNCTIONS** of the NICO 1'00

High-quality milk refrigerator for cooling all standard milk cartons (1 l)

Self-cooling thanks to own power supply (230 V / 50 Hz / 23 W)

Cooling capacity: up to 20°C below surrounding temperature and up to a maximum of 2°C

Elegant, premium design:  
Matt black with NIVONA logo

Easy handling

Specially developed for the Spumatore from NIVONA

Simple to connect to the milk tube to the NIVONA fully automatic coffee machine, thanks to the specially developed connection

### **PLUS** points of the NICO 1'00

Optimal cooling whatever the temperature.  
Our NICO 100 ensures that the milk for cappuccinos and other milky coffee beverages stays fresh.

Fits all fully automatic coffee machines from series 5, 6, 7, 8, 9, and 10.
